

EcoKarma – Terms & Conditions

Last Updated: 09 February 2026

Purpose of the Platform

EcoKarma is a participation-based platform designed to recognise and acknowledge environmental and community-focused activities. EcoKarma does not provide financial services, investment products, or guaranteed economic returns. All rewards are acknowledgements of participation within the EcoKarma ecosystem and are not intended to represent income, wages, employment compensation, or investment value.

Eligibility & Account Registration

To participate in EcoKarma, users must register and create an account. Each individual may maintain one account only. Users must provide accurate and truthful information. Accounts may not be shared, transferred, or sold.

User Responsibilities

Users agree to participate honestly and in good faith, submit only genuine activities and proof, comply with applicable laws, and avoid manipulation, automation, or deceptive behaviour.

Submission of Activities

Users may submit evidence of participation in eligible environmental or community activities. Submissions may include GPS location data, time and duration data, photographic or video evidence, and activity declarations or confirmations. False or misleading submissions are prohibited.

Validation & Review Process

EcoKarma uses automated systems and, where applicable, human or community review to assess submissions. EcoKarma does not guarantee that any submission will be approved or rewarded.

Rewards & Acknowledgements

Rewards are issued gradually and are subject to daily, periodic, and lifetime limits. Rewards may be delayed, reduced, withheld, or reversed pending verification. EcoKarma may adjust reward rates, modify validation requirements, or suspend rewards to maintain fairness.

No Financial Guarantee

EcoKarma tokens or points represent participation within the platform and do not guarantee monetary value, liquidity, exchangeability, or future value. Displayed currency equivalents are indicative only.

Anti-Abuse & Enforcement

EcoKarma monitors for abuse including false submissions, location spoofing, manipulated media, and automated behaviour. Confirmed abuse may result in warnings, reduced rewards, suspension, or permanent account termination.

Platform Changes

EcoKarma reserves the right to update or modify features, reward structures, or validation methods at any time. Continued use of the platform constitutes acceptance of such changes.

Limitation of Liability

EcoKarma is not responsible for rejected submissions, missed rewards, perceived value changes, or platform interruptions. Participation is voluntary and undertaken at the user's own risk.

Governing Law

These Terms are governed by the laws of the jurisdiction in which EcoKarma is legally registered.

Acceptance of Terms

By accessing or using EcoKarma, users acknowledge that they have read, understood, and agreed to these Terms & Conditions.
